### COMPUTER-RELATED EMPLOYMENT

#### Communications Specialist

New Haven Community Medical Group, New Haven, CT, 2013-2014

- First Communications (marketing and media) hire for this growing IPA.
- Increased services offered to members by organizing educational events and meetings, including a highly successful Annual Meeting for over 200 members.
- Enhanced website to include ongoing event information, feature articles, videos of organizational events, and informational pages for local radiology groups.
- Developed outreach program to physician practices, resulting in increased membership and participation.

#### Web Development Specialist

Odonnell Company, New Haven, CT, 2013

- Ran web campaign for major client.
- Determined client needs through conducting monthly meetings, designed and developed website structure to meet those needs.

#### .IT Consultant

YouthBuild USA, Somerville, MA

- Promoted effective use of technology through running corporate computer trainings, designing and creating relational databases.

### OTHER EXPERIENCE

#### Stage Manager, *DJ Christ Superstar*

Burning Man, Nevada

- Managed cast and crew of sixty people to produce a well-run, adventurous, rave-style production of the classic rock opera *Jesus Christ Superstar*.

#### International Development Consultant

Save the Children US, Kathmandu, Nepal

- Stayed for several months in several small rural villages in Gorkha District, Nepal to evaluate micro-loan projects designed to enable women to raise goats.
- Interviewed women involved in projects, examined goats, explored the cultural challenges involved in these small-scale development projects.
  - Negotiated between local villagers and Save the Children staff.
